A

Standing at the gate of love

D

Waiting for the life of the Son

G

D

To follow me 'til I am undone

A

Oh, you pulled me out of the mud

D

Up from the miry clay

G

D

You washed all my sins away

A

I've been redeemed

A G D

I am a new creation

A

I have been born again

I'm here in the world

But my home is in a heavenly place

Far above the stars out in space

I'm not afraid

Death where is your sting

Hell will never conquer me

A love pure and holy

Has set me free

Bm

For behold! The old has passed away!

D

There's a hole inside of me

G

And I'll never run away from you!

A

Anymore, anymore
