The winds are blowing through again,

So we must follow.

C G Em7 Bm7

A people daring to believe

We can change tomorrow,

Am7 G D

And be the miracle of light,

G C

And we won't give up the fight.

D C G D

Now is the time for us to shine,

C G D

Shine with the face of Christ divine.

C G Am G

No compromise, for all heaven cries,

Now is the time.

C G Em7 Bm7 D

The river's running through again rejuvenating,

For everything you touch you change,

And we've all been changing.

Am7 G D

We're a city shining on a hill,

G C

Tell this world you're shining still,

G C

Tell this world you always will.

C D/C C D/C C D/C Em

Jesus, Jesus, precious Jesus, King of lights.

Jesus, Jesus, raise a church that's shining bright

C

I want to follow but what does it mean,

Em

To live in this world and keep everything clean.

C

Nothing I own here is ever my own,

Em

When I live in the mercy and blessing you've shown.

C

I lay down my rights; see the world through your eyes,

Em

And fight for the hungry who pay for our lives,

C

I want to have you in all of my world.

So Jesus consume me, flow through me, cos now is the time for us to shine
